

## STUDENT POSITION WITH IFU'S INVESTMENT ORGANISATION - COPENHAGEN

**If you are looking for a student position where you can contribute to progressing the green transition and improving living conditions in developing countries and emerging markets, IFU is a good place to start.**

For one of our sectors, Sustainable Food Systems, we are hiring a student, who is motivated and passionate about working with commercial investments that create impact in countries across Africa, Asia, Latin America and parts of Europe.

Your job will be to assist and support our investment organisation in preparing, presenting and monitoring our sustainable investments. You will be involved in the entire investment process from start to finish, working in teams with experienced colleagues in Copenhagen and our regional offices, as well as other students.

IFU is Denmark's Development Finance Institution, striving to be a best-in-class impact investor. We think innovatively about ways to deploy our capital, attract and mobilise other investors, and drive transformational and sustainable impact in developing countries and emerging markets. We offer a diverse and inclusive working environment with strong values like teamwork, a "can-do" attitude and being proper in our daily work.

### THE JOB

As a student in Investments, your tasks will be:

- building financial models and evaluating performance under various operating scenarios
- preparation of materials for the investment committee
- preliminary project evaluations
- performing general research and analyses
- ensuring that IFU's databases are updated
- preparing presentation materials for use in partner meetings
- ad hoc tasks

Joining IFU, you gain a job in a unique international investment fund. We have a very strong student team of 10 students, who are assisting and helping in key areas in the organisation.

You will be supervised by experienced investment professionals and be part of our investment teams that will guide your professional development. IFU's learning culture provides the tools and organisation for individual development.

Your work schedule will be flexible, 15-20 hours weekly, taking exams into consideration.

### KEY QUALIFICATIONS

You are enrolled in a relevant university degree and are close to completing your bachelor. You plan to continue with a relevant master's.

- You have knowledge of financial modelling and valuation methods is an advantage
- You have strong analytical skills
- You are well-organised and paying attention to details
- you are fluent in English, both written and spoken
- you are an experienced user of Microsoft Office, especially Excel and PowerPoint

### APPLICATION
