

INVESTMENT MANAGER, WORKING WITH INVESTMENTS IN DEVELOPING COUNTRIES – BASED IN COPENHAGEN

IFU is looking for an Investment Manager, who is motivated by making a difference through investments in the most challenging markets in Africa, Asia, Latin America and Europe with the aim of supporting economic development. Are you driven, inspired by our mission to deliver impact, and do you want to grow as an investment professional?

Then IFU can offer a job in an inter-cultural and diversified work environment with committed and supportive colleagues. We think innovatively about ways to deploy our capital, attract and mobilise other investors, and drive transformational and sustainable impact in the poorest countries in the world. Our fund invests on commercial terms, and we have invested over USD 3 billion across different sectors and geographical areas.

THE JOB

As Investment Manager, you will:

- become part of an engaged and experienced investment organisation with over 50 investment professionals covering all types of investments.
- primarily be a member of deal teams; analysing and executing new investment proposals, conducting due diligence, carrying out financial modelling, taking part in negotiating terms and drafting legal documentation, preparing, and following up on materials for the investment committee and board, etc.

As you build your career, you will be part of sourcing new investment opportunities and building an international network, preparing and taking part in meetings with investment partners all over the world. We will support and guide your development within the investment process. As you grow within IFU, you will gradually take part in managing our portfolio companies, contributing to the active ownership and eventually represent IFU on portfolio company boards.

You will be mentored on the way and supported by an experienced Vice President, who will guide your professional development. IFU's learning culture provides the tools and organisation for individual development.

QUALIFICATIONS

The key qualifications are 2-3 years full-time experience from M&A, corporate finance, private equity, impact investing, consulting, or other relevant experience. In addition, you:

- hold a master's degree with good academic results
- are detail-oriented with a structured working approach
- are an expert user of Microsoft Office and especially Excel, with an aptitude for financial modelling
- are fluent in English both in writing and spoken
- have strong interpersonal skills and business judgement
- are curious to broaden your understanding of the world and keen to travel

SUCCEEDING IN THE ROLE

As an investment professional in IFU, you will get familiar with how we work and create impact through investments in developing countries and get exposure to the investment process and impact creation work, working with experienced colleagues and other students.

Learning is an important element of working in IFU, and we will support your personal development through training, sparring and by ensuring that you get exciting and challenging tasks that you can learn from. You will work closely with more senior colleagues across IFU, who will provide both informal and formal training and many learning opportunities. Further, when joining IFU, you will take part in our onboarding programme.

Joining IFU, you gain a job in a unique international investment fund, and you will be part of the team of students across IFU, who are assisting and helping on key areas in the organisation.

APPLICATION

Send your CV and motivated application from your own email to job4@ifu.dk, no later than Wednesday 22 March 08.00. We will screen applications and conduct interviews on an ongoing basis. Please state where you learned about the job.

We expect to plan first interviews in week 12 and second interviews in week 13.
