

## FINANCIAL CONTROLLERS

*IFU is looking into substantial growth in activities over the coming years and would like to welcome two Financial Controllers to take part in this development. One will be a replacement for the previous controller, and one will be an expansion of the team.*

The Financial Controllers are part of the financial team and report to the Chief Accountant. Together, the team oversee the reporting of accounts for IFU and the funds managed by IFU.

In addition, you will be tasked with internal controlling of accounting information and several related tasks, including various reporting.

Joint duties and responsibilities for controller team:

### IFU and IFU managed funds

- Responsible for the administration of status books and audit protocols
- Responsible person in connection with the accounting and corporate administration of IFU's regional offices - including coordination and follow-up with local auditors/advisors regarding the preparation of accounts, audit and tax returns for IFU's regional offices
- Assistance in connection with the preparation of half-year and full-year accounts
- Assistance in connection with the preparation of budgets
- Assistance in connection with the review of value adjustment reports

### IFU managed funds

- Responsible for preparing annual accounts
- Responsible for preparing draft tax reporting for the investors (K/S's)
- Responsible for - in collaboration with the external audit - preparing and reporting of tax returns (ApS's)
- Responsible for administration of status books and audit protocols
- Responsible for preparing accounting figures for use in quarterly investor reports

### Financial controlling

- Ongoing verification of registrations in IFU ERP IT system, including controlling underlying documentation
- Controlling of registered investment data
- Share capital
- The fund's nominal capital/ownership percentage
- Documentation for share capital ownership
- Controlling of annual accounts for portfolio companies approved by the General Assembly
- Controlling of periodical financial reporting from portfolio companies
- Check of collateral
- Review of error lists
- Ad hoc controlling and tasks related to financial management of IFU

### Candidates

IFU sees an opportunity in recruiting people with difference in educational background, experience and tenure.

- +5 years of relevant experience, e.g., as an external auditor with demonstrated successful track record
- Strong knowledge of IFRS and the Danish Annual Accounts Act
- Pro-active team player
- Mature personality with the ability to "lead upwards"
- Effective and self-motivated, actively involved with colleagues to get the job done
- Detail oriented and focused on quality
- Confident user of Microsoft Office and especially Excel
- Knowledge of Navision is an advantage
- Knowledge of Danish in verbal and writing

## **About IFU**

IFU – Investment Fund for Developing Countries is a Danish Development Finance Institution providing risk capital to private sector companies in developing countries and emerging markets in Afrika, Asia, Latin America, and parts of Europe.

The purpose is to create green, just, and inclusive societies in the investment countries and support the Sustainable Development Goals. IFU focuses its investment on four primary sectors:

- Green energy & infrastructure
- Healthcare
- Financial services
- Sustainable food systems

In 2022, IFU had around 100 full time employees representing almost 20 different nationalities, with more than 15 per cent of staff located at our regional representations in China, India, Singapore, Kenya, Ghana, Brazil and Ukraine.
